

K-LOVE wonderfully serves me in my local community. If replaced by LPFM stations, my listening pleasure, great conservative national news input, and wonderful listening pleasures would be severely impacted. Having K-LOVE on-the-air supports wholesome values and has a positive and encouraging impact on communities all across America. Please don't allow LPFM have any priorities over FM translator service. K-LOVE needs to continue having the freedoms to operate as they are today. Thank you.
